

## IEEE CPMT Symposium Japan 2024

November 13-15, 2024

Ritsumeikan University Suzaku Campus, Kyoto, JAPAN

October 11, 2024

### Announcement of Pre-ECR Event: Get Together Party

Dear ECR Session Presenters and student oral speakers:

Thank you very much for attending the ICSJ2024 as an ECR presenter! We look forward to welcoming you to our ECR sessions. ECR session has been held for early career researchers to present their research results and discuss them with cutting-edge researchers participating in ICSJ. In order to advance research, it is extremely important to accept many proposals and different opinions from a wide range of perspectives.

Taking this opportunity, the ICSJ2024 Committee would like to form a "Young Researchers Network" and provide opportunities for meaningful discussions with each other. We are very pleased to invite all ECR session presenters and student oral speakers to the Pre-ECR event on the evening of November 12th. If you are a presenter for an ECR session or a student speaker for an oral session at ICSJ, you are eligible to participate in the event.

The details of the event are as follows:

Date and time: Tuesday, November 12, 2024

|               |  |
|---------------|--|
| 13:30         | Gather at the conference registration desk at Suzaku campus (1F)   |
